/*
  Document    : tabs
  Created on   : Mar 17, 2010, 10:54:48 AM
  Author      : Blaine Robertson
  Description  :
    Sample external stylesheet to transform an unordered list containing
    anchors into a tabbed navigation system.
*/

/* This rule styles the nav div itself */
#nav{
  height: auto;
  background-color: #c5cb75;
  width: 100%;
}

/* This rule styles the unordered list in the nav div */
#nav ul{
  margin: 0 0 0 0;
  padding: 2px 0 0 0;
  font: bold medium "Palatino Linotype", "Book Antiqua", Palatino, serif;
}

/* This rule styles the list items in the unordered list in the nav div */
#nav ul li{
  display: inline;
  padding: 0;
  margin: 0;
  list-style: none;
  text-align:center;
}

/* This rule styles the anchors in the nav div */
#nav ul li a{
  display: inline-block; /*Fills the space of the list item */
  width: 7em;
  padding: 3px .5em 0 .5em;
  margin-left: 8px;
  border: 1px solid #5d460e;;
  background-color: #5d460e;
  text-decoration: none;
  border-top-left-radius: .5em;
  border-top-right-radius: .5em;
  -moz-border-radius-topright: .5em;
  -moz-border-radius-topleft: .5em;
  -webkit-border-top-left-radius: .5em;
  -webkit-border-top-right-radius: .5em;
}

/* These 3 rules style the anchors in the nav div.
 / The first styles unvisited links
 / The second styles visited links
 / The third styles links when the mouse hovers on them
*/
#nav a:link{
  color: #fff;
```

```
}

#nav a:visited{
    color: #FF0;
    outline:none;
}

#nav a:hover{
    color: #006;
    background: #fff;
    border-color: #5d460e;
    border-bottom: 1px solid #fff;
}

/* This rule styles the anchors in the nav div so that when a page is visited,
/ its tab will automatically highlight serving as a navigation beacon to tell
/ the visitor "You are here".
*/
.home #nav a[title~=home],
.assignments #nav a[title~=assignments],
.personal #nav a[title~=personal]{
    color: #5d460e;
    background: #fff;
    border-color: #933;
    border-bottom: 1px solid #fff;
    cursor:default;
}
}
```
